Marks: 66.83%

BNS DAV Public School, Giridih
— 10th (CBSE)

2005 - 2016

Marks: 9.6 CGPA

PROJECTS

Weather App

Technology used: HTML, CSS, JavaScript

Details: In this project, I have created a user-friendly and responsive weather app that utilizes HTML, CSS, and JavaScript to fetch real-time weather and geolocation information through APIs. The app offers a simple and intuitive interface for users to quickly access weather details based on their current location.
